City of Reading 2017 Spring Hydrant Flushing

It's time for the City of Reading Public Works to flush all fire hydrants. This process removes iron deposits from the water mains and ensures that hydrants are working correctly. The flushing may cause temporary water discoloration. Please check for discolored water before doing any laundry during the dates the hydrants are being flushed. Flushing will be done between the hours of 7:30 am and 3:30 pm May 9-11, 2017

Questions or concerns please call the Department of Public Works at 517-283-2835.
