CITY OF READING 2019 FALL LEAF COLLECTION SCHEDULE

- The Reading Department of Public Works will be collecting leaves from all city streets. Please reference the chart below for collection days and please use the following guidelines. Your cooperation is greatly appreciated and is essential for the leaf collection process to be successful. If you have questions, do not hesitate to call City Hall at 283-2604 or Public Works Department at 283-2835.
- Residents may rake loose leaves to the curb, no more than 4 to 5 feet from road shoulder, and no later than the evening before the collection date. Do not place leaves in the street, as this may cause blockage and/or other problems with the storm sewer system.
- Please separate brush and twigs from the leaves since they can cause damage to the leaf vacuum. After October 14th Yard Waste Collection all brush and limbs, branches, twigs, etc. will need to be taken to the Yard Waste Pit at the Department of Public Works at 180 W. Lincoln.
- No bagged leaves will be collected after October 14, 2019. Any material bagged after the October 14th Yard Waste Collection will need to be taken to the Department of Public Works located at 180 W. Lincoln St. and place them in an orderly fashion in the designated yard waste containment area.
- All scheduled pickup dates are weather permitting. In the event of a delay in the pickup schedule due to weather please watch for a notice on the City's Facebook Page or listen on WCSR.
- Please do not park in the street on collection days.
- The Public Works Department has the right to refuse pick-up of any leaves that do meet the requirements as stated above.
- The Public Works Department reserves the right to cancel and/or add collection dates as they deem necessary.
